

VAIBHAV KARADE

Total Exp: 5 Years

Relevant Exp: 3.5 Years

Ph: (+91)-7349610842)

Email: vaibhavkarade42@gmail.com

Professional Summary:

An accomplished and result-oriented professional with 5 years of experience in IT Industry, as a DevOps Engineer with hands-on experience supporting, Automating, and optimizing mission critical deployments in production server & cloud. Building, Deploying, Source code management, leveraging configuration management, CI/CD, and DevOps processes.

TECHNICAL SKILLS :

DevOps

CI/CD Tool	Jenkins, Azure DevOps, GITLAB, Github-Actions
Build Tool	Maven, NodeJS(Basics)
Container Management Tool	AKS, EKS
Source Code Management	Git
IAC Tools	Ansible & Terraform
Security Tools	OWASP Dependency Check, TRIVY, OWASP ZAP
Containerization Tool	Docker
Ticketing Tool	Azure Boards
Artifact Management Tool	Nexus3 & Azure Artifacts
Knowledge Management Tool	Confluence
Code quality checkTool	Sonarqube
Operating System	Windows, Linux
Cloud Platform	Azure Cloud

WORK EXPERIENCE:

EPAM SYSTEMS

November 2023 - Present

Designation: CLOUD DEVOPS, DATAOPS

Project: Reckitt

- Deployment to AKS (azure kubernetes service)
- Azure infrastructure management
- Creating pipelines for Azure datafactory, Azure databricks, Logic apps, Azure SQL databases, Azure functions, Azure app services.
- Troubleshooting the issues while the deploying the ARM templates of datafactories to higher environments.
- Experience in creating continuous integration & continuous deployment pipelines from scratch
- Troubleshooting the issues on the databricks side related to cluster issues, notebook failures due to any infrastructure issues.
- Good hands-on experience in Docker files and docker images
- Knowledge on setting up the ci-cd pipelines for machine learning models (MLOPS)
- Integrate various tools across CI/CD stages such as Nexus, Sonarqube, and Git as per requirement
- Migration of pipelines and repos to different devops projects.
- Using Maven for building applications
- Managing the Unity catalog of databricks.
- Used Nexus for artifact management
- Performed security checks for vulnerabilities on source code using OWASP Dependency checks
- Experience in creating CI/CD Pipelines in Azure DevOps
- Artifacts management using Azure artifacts in Azure Devops
- Deployments using Helm charts and ArgoCD
- Used Terraform for Infrastructure provisioning and resource creation
- Worked on Sonarqube & Gitlab integration

- Worked on Azure functions
- Created & worked on AKS Cluster

WORK EXPERIENCE:

TATA CONSULTANCY SERVICES

August 2022 – November 2023

Designation: CLOUD DEVOPS

Project: Flight Centre Technology

- Handling Clients requests related to Azure Cloud and Azure DevOps
- Managing the permissions of Azure DevOps Project for Users
- Creation of Build pipeline and Release pipeline and managing
- Managed daily builds and releases to all the environments
- Debugged build failures and worked with developers and QA personnel to resolve related issues
- Usage of Azure Automation account for managing Desired State configuration of Nodes
- Knowledge of Azure CLI and Azure PowerShell to manage the Azure resources
- Implementation of Azure Arc for managing On-prem servers in Azure for Backup, Monitor, Azure policy, Azure update management
- Experienced in defining various build and release workflows
- Integration of ARM and terraform with CI / CD pipeline to deploy Azure Resources as IAC
- Integration of Azure Monitor with Logic apps to notify through MS teams and Service now
- Installed and configured Jenkins with different tools (plug-ins) for the continuous integration process
- Experience on identity and access management, Azure policy, Azure Monitor, Azure Backup and Azure update management
- Managing Software Deployment using Custom script Extensions
- Resolution to the build failures by coordinating with different stakeholders

- Setting up deployment regions and automating the deployment process to release environments
- Knowledge on Serverless apps features like Azure Functions, Logic Apps etc
- Deploy the Azure resources as IAC using Terraform /ARM templates
- Integration of Azure DevOps with Microsoft Teams to manage project
- Proactively seeks opportunities to implement improvements to internal development processes
- Creation of customized Portal to manage VMs using power apps for service improvement
- Experience on Web apps, Deployment slots on Web App, Azure Load balancer, Application gateway, Azure Firewall
- Migration of on-prem servers to Azure using Azure migrate
- Usage of Mend Bolt for Security and Compliance checks, SonarQube for Quality checks
- Usage Of Maven tool for building and managing Java based project
- Creation of Azure SQL Databases as per user requirements
- Creation/managing of custom work process for Azure DevOps Project
- Managing the Work items of Azure boards through Microsoft Excel
- Integration of Ansible with Azure Pipelines
- Inheriting the work items values from parent to child work items, auto close of parent-child work items in Azure DevOps

WORK EXPERIENCE:

Capgemini Technology Services India Limited

August 2019 – July 2022

Designation: Software Engineer

Project: Follett

- Worked on HyperV environment in Capgemini for couple of months and moved to Azure Cloud and learned DevOps tools like IAC , Configuration management, Azure Devops etc Managing the permissions of Azure DevOps Project for Users

- Managing the Cloud Infrastructure and provisioning the resources for specific projects
- Experience on Web apps, Deployment slots on Web App, Azure Load balancer, Application gateway, Azure Firewall
- Experience on identity and access management, Azure policy, Azure Monitor, Azure Backup and Azure update management
- Knowledge of Azure CLI and Azure PowerShell to manage the Azure resources
- Managing the permissions of Azure DevOps Project for Users
- Installed and configured Jenkins with different tools (plug-ins) for the continuous integration process

Certifications:

- **AZ-900** Azure Fundamentals
- **AZ-104** Azure Administrator Associate
- **AZ-400** Azure DevOps Engineer Expert

EDUCATION:

- B.E From **KLS VDRIT**, Haliyal (Karnataka)
- 12th From SVC, Dharwad (CBSE Board)
- 10th From BMEMEHS
